
DRESDEN BATTERY DAYS 2017

SEPTEMBER 18–20, 2017

Fraunhofer Institute for Ceramic Technologies and Systems IKTS, Dresden

LIST OF EXHIBITORS

C3 Prozess- und Analystechnik GmbH

Address

Peter-Henlein-Str. 20
85540 Haar b. München
Germany

Contact person

Dr. Dirk Bublitz
+49-89-456006-70
info@c3-analysentechnik.de
<http://www.c3-analysentechnik.de>

Areas of expertise

- Distributor for equipment used for testing of batteries, fuel cells, supercaps
- Electrochemistry, spectroelectrochemistry, eQCM, calorimetry, planetary mixers for pastes
- Other equipment for laboratories: Sample preparation, lab reactors, pressure vessel, thermal conductivity, gratings

Exhibited items

- Gamry Potentiostats, cells
- Quartz Micro Balance
- ALS electrochemical accessories

Coatema Coating Machinery GmbH

Address

Roseller Strasse 4
41539 Dormagen
Germany

Contact person

Thomas Exlager
+ 49 2133 / 97 84 - 140
texlager@coatema.de
www.coatema.de

Areas of expertise

- Machine manufacturing
- Coating
- Printing
- Lamination
- R&D
- Lab2Fab

Exhibited items

- Samples of products produced on our machinery

Address

Hubertusstr. 1
46485 Wesel
Germany

Contact person

Karl-Günther Glocke
+49(0)281-85 49 598
info@ektechnologies.de
www.ektechnologies.de

Areas of expertise

- Distributor of test systems for batteries and fuel cells
- Redox-flow-cells
- General electrochemistry

Exhibited items

- OctoStat (Ivium)
- OrigaFlex (OrigaLys)
- BTS (Neware)

Address	Am Eppertshäuser Pfad 2 64839 Münster Germany
Contact person	Peter Schrems +49 6071 612 403 ibschrems@ips-jaissle.de www.ips-jaissle.de
Areas of expertise	<ul style="list-style-type: none">▪ Potentiostats, galvanostats▪ Rotating electrodes▪ Corrosion-measuring cells▪ Load-instruments▪ Autoclaves▪ H₂S-Laboratories
Exhibited items	<ul style="list-style-type: none">▪ Potentiostats, galvanostats▪ Corrosion-measuring cells

Address

Gupfenstrasse 5
9240 Uzwil
Switzerland

Contact person

Klaus Steingröver
+41 71 955 39 74
klaus.steingroever@buhlergroup.com
www.buhlergroup.com/wetgrinding_dispersing

Areas of expertise

- Roll-to-roll vacuum coating of metal
- Polymer and glass substrates
- Wet grinding
- Mixing
- Continuous mixing
- Electrode slurry
- Extrusion
