INVITATION

V. CMP International Conference on Monitoring & Process Control of Anaerobic Digestion Processes

SPECIAL EVENTS

Side event on »Methane emissions and possible mitigations from European biogas plants (Project EvEmBi)«

short presentations
special issue in the scientific journal CET
conference reader with abstracts
and company exhibition

TOPICS OF THE CONFERENCE

Modelling and Control
Sensor Development and Application
Process Monitoring and Efficiency Evaluation
Microbiological Monitoring
New Processes and Technologies - AD+
Emission Control
